## SPECIAL NOTES

### Note for users in Australia:

Copyright may exist in material you wish to record. Copying or broadcasting such material without permission of the relevant licenses or owners of the copyright is prohibited by law. SHARP is not in a position to authorise the copying or broadcasting of copyright materials and nothing in this OPERATION MANUAL should be implied as giving that authority.

### For other countries:

Audio-visual material may consist of copyrighted works which must not be recorded without the authority of the owner of the copyright. Please refer to relevant law in your country.

- The last letter of the model name on the catalogue, packing case, etc. indicates the colour of the product. Operations and specifications are the same for all units regardless of the colour.

- Dolby noise reduction manufactured under license from Dolby Laboratories Licensing Corporation.
- "DOLBY" and the double-D symbol  are trademarks of Dolby Laboratories Licensing Corporation.
- Car battery adaptor, cassette tape, RCA cables, microphone, headphones, cotton swab and demagnetiser mentioned in this Operation Manual are not included in this unit. AC plug adaptor is not included with the unit in some areas.
- When the POWER switch is set at /SLEEP position mains voltage is still present inside the unit. When the POWER switch is set at ON position and the POWER indicator is illuminated the unit may be brought into operation by use of (timer mode or) remote control.

### Warning:

Always remove mains plug from wall socket when not in use, or before any service operation. Never remove covers unless qualified to do so. This unit contains dangerous voltages.

## PRECAUTIONS

- Do not use oil, solvents, petrol, paint thinners or insecticides on the unit.
- Do not expose the unit to moisture or to temperatures higher than 60°C (140°F).
- Keep the unit away from strong magnetic fields, excessive dust and humidity.
- Hold the AC power plug by the head when removing it from the AC outlet, since pulling the lead can damage internal wires.
- Remove the AC power plug from wall socket before cleaning the heads, pinch rollers, etc. This unit contains dangerous voltages. Do not remove the outer cover, as this may result in electric shock. Refer internal service to your local SHARP dealer.
- Use the unit on a firm, level surface free from vibration, and do not put anything on the unit.
- Do not expose the unit to extreme low temperatures.
- If the unit does not work properly whilst in use, set the POWER switch to /SLEEP and then to ON again.

### Warning

The voltage used must be the same as that specified on this unit. Using this product with a higher voltage than that which is specified is dangerous and may result in a fire or other type of accident causing damage. SHARP will not be held responsible for any damage resulting from use of this unit with a voltage other than that which is specified.
